

Paris, April 21.—The *Journal des Debats* says:—Japanese occupation of Liao-Tung is a menace to both Peking and Ourei. If

Japan expects Russia to renounce her policy toward Corea she probably has made

a great mistake. Moreover, the Czar will not leave Russia isolated in the East, and Germany is not disposed to regard indifferently Japanese encroachments. Japan's conditions of peace are immoderate. Her ambitions ought to be brought down at

ance. England will incur a grave responsibility if she separates herself from the rest of Europe at this decisive moment'. Prior to the exchange of ratifications Japan ought to see that a revision of the treaty is

London, April 21.—The Standard contends that Great Britain does not need to take the initiative in interfering with China and Japan. If the other powers, it adds, want to modify the Treaty of peace, let them act. Great Britain's policy is

one of quiet, vigilant self-protection.

Madrid, April 21.—In view of the cession of Formosa to Japan much anxiety is felt regarding the defence of Spain's possessions in the far East. The War Minister will announce to Congress to-morrow that

will announce to Congress to-morrow that General Blanco has asked and obtained permission to form two regiments of natives in the Philippine islands, and that Spanish officers for the regiments will start soon for Manila. Fifteen hundred Mauser rifles will follow them, and modern guns of large

calibre will replace the obsolete small arms now in use in the islands. The cruisers *Ongundo* and *Vizcaya* and others have been ordered to the Philippines.

London, April 23.—In the House of Commons to-day the Foreign Secretary announced that the terms of the Japanese-Chinese treaty of peace had not yet been received by the government; therefore he

In an interview in Paris with the Japanese Minister to France, upon the results of the China Japan war, the Minister declared that European trade would be unable to withstand the competition of Japan. Japan does not project any conquests. Her one ambition is to advance in the path of progress and develop the trade and industries of the country she

has recently acquired. Regarding the fears of Spain that Japan will encroach upon the Philippine islands, the minister said they were groundless. Japan is perfectly satisfied with the possession of Formosa.

THE CHINESE MAIL
報日字華
(Wah Te Yat Po).

THIS paper is now issued every day.
The subscription is fixed at Five
Dollars per annum delivered in Hong-
kong, or Eleven Dollars Forty Cents in-
cluding postage to Coast ports.

It is the first Chinese Newspaper ever
issued under purely native direction. The
chief support of the paper is of course
derived from the native community,
amongst whom also are to be found the
guarantors and securities necessary to
place it on a business and legal footing.

The projectors, basing their estimates
upon the most reliable information from
the various Ports in China and Japan,
from Australia, California, Singapore, Pe-
nang, Saigon, and other places frequented by
the Chinese, consider themselves justified
in guaranteeing a large and ever-increasing
circulation. The advantages offered to ad-
vertisers are therefore unusually great, and
the foreign community generally will find
it to their interest to avail themselves of
them.

The field open to a paper of this descrip-
tion—conducted by native efforts, but
progressive and anti-obstruction in tone—
is almost limitless. It on the one hand
commands Chinese belief and interest,
while on the other it deserves every aid
that can be given to it by foreigners.
Like English journals it contains Editorials,
with Local, Shipping, and Commercial
News and Advertisements.

Subscriptions for the above may be
sent to
